Letter of Demand for Continuance of  
Hearing on 08022021

I, Jacob (James E. Horton), hereby, Demand Continuance  
of hearing currently scheduled at 10:00 AM on 08022021 and upon  
all actions filed by Claimant in same case, upon following, fully  
meritorious in good faith cause, grounds:

DECLARATION IN SUPPORT

Whereas, Venue's appointed "ALJ" has Defaulted, in Total Prejudicial Ignorance, on Claimant's Actions (timely and proper with Full Merit): Discovery Compulsions; Waiver of Hearing; Demand for specific "Electronic Procedure" (See previous records for preceding citations).

Whereas, Defendant has maliciously continued to withhold Compelled Discovery imperative to Claimant's preparation (as Due Process Right presumptive) of Argument's to be heard (and by AV arguments on record per Defendants with full merit and prima facie good cause as necessary to Fairness in context of Claimant's case); Non-action by said withholding is Hostile to Claimant's Due Process and Compulsion Rights. And also per Public Information Act). [DON'T MAKE ME HAVE TO WRITE THESE ANYMORE REPEATEDLY. THIS IS SO TEDIOUS (every two weeks of more harassments and matters from them accumulate). DELIVER THE DEMANDED DISCOVERY! I'M THEREBY BEING HARASSED EXIGENTLY AND I WON'T STAND FOR IT!!!]

[DO YOU HAVE SOMETHING TO HIDE PARANOID? TO BIAS IT?]

Whereas, throughout pendency, Claimant's preparation has been unfairly, in malice intent, Disrupted by Severe and Multiple Conspiratorial Harassments Bordering on Arrest (by doctrinal definition as Investigatory Misconduct), and in conjunction with Gang and Organized Crime Harassments, constituting Illegal Restraints upon Claimant's Life Limb and Liberty, and Cruel and Unusual Punishments without Just Sentence (Persecutionally), in Malicious Retaliation Criminally (even rising to Treasonously), and by Legal Harassments usurping compounding

and urgent legal matters for Claimant, incident to (thus far) his Criminal Complaints to Sacramento Police Department (Reports: 21-144959; 21-201451; etc.).  
Whereas, it is accumulative Proven that Harassments aforementioned are jointed acts in Conspiracy by: Department of Human Assistance, Sacramento County; Sacramento Police Department; Sheriff of Sacramento County; Agents of the Executive Branch of the United States of America; Cosa Nostra and other Organized-Crime Network Organizations (of the Laytank Insurrection Group or the Network) in Criminal Collusion and in Malice-Intent, with proven motive, to Disrupt Claimant's case and casework.

¶ Whereas, In lieu of above Claimant intends to Petition higher court for Mandates, relevant at-issue herein, with stay of Proceedings and needs time to prepare; Defendant parties, it is proven, are hostily aware of his intents aforesaid, by Illegal, Electronic Espionage and Theft of Claimant's Intellectual Property as Workproduct (in violation of the Workproduct Rule), which acts of do exigently harass Claimant's process as Abuse of Defendant Agency's Investigatory Means; Respect of Due Process Right Claimant's intent to above mentioned Procedure is, by law, obligatory upon Venue.  
¶ Furthermore, Claimant, upon well-reason, highly suspects intent of Parties to Commit jointed acts of Damage Causing RICO Violations and Foul Play by Procedural Tampering which further necessitates grant of Claimant's procedural Demands in the Interest of Justice and Fairness, on its face.

Wherefore, Claimant, Jacob (James E. Horton), hereby, Demands further Continuance (as specified within previous actions), in Good Faith Cause, Telephone Hearing currently scheduled for 10:00 AM on Oct 2021.
